# Installation Instruction

## GENERAL INSTRUCTIONS AND WARNINGS

- Before installation, make sure the wall surface is clean and dry to ensure a secure attachment.
- When tightening screws, do not apply excessive force to prevent damage to the wall or the fixtures.
- Use the correct tools: a drill with a 6mm bit, screwdriver, and level.
- Wear appropriate safety gear, such as gloves and safety glasses, to protect yourself during installation.
- Before drilling, check the wall for any hidden pipes or electrical wires to avoid accidental damage.

## MAINTENANCE AND CARE

- Clean the accessories with a soft, damp cloth. Avoid using abrasive cleaners, which can damage the finish.

1. Place the accessories in the desired installation position.  
Use a level to ensure the accessories is horizontal.  
Mark the positions directly below the bases with a marking pen.

2. Position the fixing blocks at the marked spots.  
Mark the drilling points through the fixing block holes.

3. Use an electric drill with a 6mm drill bit to drill holes at the marked points.

4. Insert the expansion plugs into the drilled holes using a hammer.

5. Place the fixing block covers over the holes and secure them firmly with expansion screws.

6. Install the accessories by tightening the grub screws.
