Features

- The Dolce Care grab rail range combines commercial compliance and efficiency with style to create a range focussed on both commercial and residential builds
- Suitable for NCC building classifications including: Aged Care, Hotels, Public Bathrooms, Offices, Multi Res, Residential Houses
- Stylish design suits modern bathroom accessories and Nero's Dolce Tapware and Accessories collection
- Easy retrofit for style upgrades in existing buildings. The wall brackets cover standard grab rails making it an easy retrofit without the need to patch holes
- Modular design can be cut to size during installation
- AS1428.1-2021 compliant for all grab rail requirements including section 14
- Compliant for AS1428.1 Accessible Toilet rear wall grab rails
- 32-40mm grab rail diameter for the full length of the rail
- 5mm minimum radius on all exposed corners and edges
- 120kg (1176N) capacity at any position and direction
- 50-60mm distance from wall and brackets maintained for full length of rail
- Clearance for hand passage is continuous for the full length of the rail
- Ends of rails are enclosed inside wall brackets
- Rail and end bracket colours are interchangeable to improve visual contrast
- Colours match Nero Tapware range
- Manufactured and distributed by Nero

Maintenance And Care

- Regularly check the mixer and connections for signs of wear or leaks.
- Clean the tap with mild soapy water to maintain its appearance, avoiding harsh chemicals and abrasive materials that may damage the finish.

- Dimensions are nominal measurements only.
